Troops and vehicles were heavily soiled. The train had arrived from the direction of Eberswalde. The unloaded troops left toward the barracks installations.

Comment. It is rather safely believed that the elements of the 16th Gds Mecz 25X1
Regt of the 6th Gds Mecz Div which, on 4 March, had been entrained for exercises south-southeast of Mueritz Lake, were detrained. [REDACTED] The 19 guns, allegedly all 76.2-mm guns, probably include the 57-mm AT guns of the motorized rifle battalions.
